LOCAL BRIEFS.

——Alf. Haywood, Esq., yesterday returned from a three weeks trip to Alabama.

——A party of young gentlemen will give a hop in the Bagley building Monday evening.

——The skating rink will be open for ladies use, from 4 to 6 this afternoon, without charge.

——Pastors of the city churches are asked to send in tosday notices of any change in their Sunday services.

——One of the best offers for a young man with a little capital to make money, can be secured by applying at this office at once.

——It is really too bad. Kate Claxton has given this place the slip. No one knows, now, what is the next theatrical sensation.

——The snow of yesterday morning came as a rather wintry surprise after such spring-like weather. It was but a fleeting show, and was dispelled by a few sunbeams.

——The guard house cell doors stood wide open yesterday, and that place of repose was not invaded by a solitary culprit. Raleigh will soon put in for the prize for morality.

——The public are to be given a little more light on the subject. In other words about half a dozen new lamps will be put on the streets. This is progress, slow but sure.

——The fever is subsiding, burnt out for want of material, perhaps. There was not a solitary marriage license issued yesterday, about the only day so marked this year.

——Cotton was quiet and steady yesterday, and the market's receipts were light. The showing for this week will be favorable, and it is predicted that the close of this season will find the receipts over 2500 bales more than last season.

——Elsewhere we publish an extract from the New York Dry Goods Bulletin, showing the relative standing of the Ætna Life Insurance Company. Maj. W. H. Crow is the general manager for this State and part of Virginia, and has now a high reputation for the ability and energy with which he has pushed the fortunes of the Ætna so successfully.

SHERIFF SETTLED.—A solitary sheriff settled the State taxes due by his county yesterday. He was J. M. Galbreth of Swain, and he paid in:

Public taxes,	$388 80
Special "	377.48
Total,	$726 78

FERTILIZER LICENSE.—Thus far this year only 9 Fertilizer licenses have been taken out from the State Treasury by manufacturers. It will be some time yet before the rush for these bar gains. More are usually issued in April than any other time, as a majority of the licenses expire at that time. These licenses cost $500 each, which goes to the support of the Department of Agriculture. As will be seen $4500 has so far come in from this source. The amount annually received is somewhere about $15,000.

COUNTERFEITING.—The uttering of bad money must be fast becoming a popular crime in this good county of Wake, for in addition to the numbers of coiners, or would be makers of false specie, already hauled up, the authorities yesterday captured another. There must be millions in it, somehow, to judge from the number of those engaged in the business. The man captured yesterday is John Williams, and after a preliminary trial before a U. S. Commissioner, the evidence adduced was so strong as to cause his committal to the county jail, bail of $500 not being put up for him.

THE VALENTINE PARTY.—Old Mother Goose held high carnival at Metropolitan Hall last evening. She received numberless visitors, who were greatly delighted with the good singing and really clever tableaux of her little proteges. The entire affair passed off pleasantly, and the lovers of the good cause, and the kind ladies who have worked so hard in its aid, have the satisfaction of seeing quite a sum on the credit side of the fund for the new Sunday school hall of the Edenton street Methodist church, for which the performance was given.

FUNERAL OF MRS F. H. CAMERON.—The funeral services over the remains of the late Mrs. Maggie Haywood Cameron, wife of Capt. Francis H. Cameron, were held from Christ church at ½ o'clock yesterday afternoon, the Rector, Rev. M. M. Marshall, D. D. officiating. The church was filled by a concourse of relatives and friends. The services were most impressive. The casket was covered with beautiful and rare floral emblems. Among these were a star and a wreath in pure white, the offering of Capt. Cameron's command, the Raleigh Light Infantry. The remains were interred in Oakwood.

THE BORDER REVIEW.—A paper by this name, will in a few days, make its appearance in Henderson, and will be devoted to the best interest of that town and section. This new candidate for public favor will be edited by Mr. Rufus Amis, the accomplished member of the House from Granville. With him are associated as publishers Mr. John B. Collins, for so many years foreman of the Sentinel office, who has for the past two years filled that position on the News, and Mr. Charles H. Harper, who has been connected with the News for seven years. All the ee of the gentlemen named are well worthy of public confidence and patronage, and the "NEWS" wishes its former employees hearty good luck.

THE GALLOWS.

AN AGED MURDERER HUNG AT SMITHFIELD.

John Edwards Executed for Killing Kader J. Ballard.

Special to the News.

SMITHFIELD, N. C., Feb. 14 1879.

The history of John Edwards' crime, which has already appeared in the NEWS, shows it to have been the most heartless and cold-blooded murder ever recorded in the Court records of Johnston county.

Mr Ballard, a peaceful, law-loving, highly esteemed citizen, was, on the 9th day of October, 1877, shot and instantly killed while working in his field. The only witness to the act being his little daughter Ella, a child of only six summers.

THE TRIAL

The counsel for the prisoner, Messrs. A. D. and D. H. McLean and W. E. Murchison conducted the case and plead for the life of the murderer with marked ability. The object of the defence was to prevent the admission of the testimony of little Ella, on the grounds of her youth and absence of religious instruction. A very pathetic scene occured during the examination of

LITTLE ELLA.

She was asked who killed her father, and promptly replied, John Edwards. Then she was told to point to him and show him to the jury. The poor child looked slowly around and as soon as she caught sight of the prisoner's face burst out crying. Her mother, in whose lap she sat, comforted her and dried the tears. Again Ella was told to point to the man who shot her father. The little hand was raised, the index finger extended and fixedly as fate pointed to where the prisoner sat. The silence in the Court was oppressive, not a breath was heard, every one knew that the child's finger spoke the truth and that the little one in that act had pronounced the death sentence of her father's murderer. Mr. F. H. Busbee assisted Solicitor C. M. Cooke in the prosecution, and the State was wisely represented by these gentlemen, both making speeches replete with pathos, every word of which told on the jury.

A RESPITE.

The verdict of "guilty" being returned, an appeal was taken to the Supreme Court which affirmed the decision below. The day of execution was fixed for January 17, but through the strenuous efforts of the prisoner's counsel, who succeeded in gaining the interposition of executive clemency, the murderer was, at the last moment, respited until to-day.

THE SCENE.

The morn of St. Valentines day dawned gloomily on Smithfield. Dark storm-clouds hung over head pall like, fit emblems of the tragic scene which so soon was to be enacted. In the morning the snow fell irregularly. People from this and the surrounding counties poured into the town. By eleven o'clock the crowd was reckoned at five thousand. The jail is just in rear of the court house, is built of brick and has no fence around it. The scaffold, a stout structure stands near by and is enclosed by a fence 4 or 5 feet in height.

THE MURDERER.

John Edwards, a mad whose looks, are repulsive, hideous and animal like, stands in his stocking feet five feet eleven inches high and weighs about 132 pounds. The NEWS reporter interviewed him this morning two hours before he was hung. He said: "I have thought from childhood that my soul belonged to God and my body to the people. Our folks never went to a church the only time a preacher was at my house was to bury one of the family." He was impressed with the importance of making confession and replied, "I can't say I killed Kader Ballard for I didn't. Sheriff Powell and everybody have treated me well since I've been in jail. I was at home drunk that day, so I couldn't have killed him I didn't do it. My wife and children came to see me yesterday and I told them good-bye. The preachers came this morning and I prayed with them out loud for the first time."

Rev. P. L. Herman and Rev. J. J. Harper visited him this morning and besought him to confess, but, with the utmost firmness he denied his guilt to the last.

THE FINAL SCENE

When two o'clock arrived Sheriff Powell arranged his guard around the gallows. At 2:10 the prisoner appeared at the jail door between two deputies and marched slowly towards the scaffold. He was robed in his death shrowd, a black gown that hung down to his feet. He ascended the scaffold slowly but with firm steps. After being seated he was asked for the last time if he intended to confess and said: "I am not guilty and am going to be put to death wrongfully. I hope they will let my body be put where my father lies." An earnest exhortation and prayer by Rev. Dr. Herman followed, after which the death warrant was read by Sheriff Powell. The black cap was put on and at 33 minutes after two o'clock the soul of John Edwards, a man who had lived within three years of the time allotted to models by the Creator, and launched into eternity. Pulsation ceased in 5 12 minutes. During the scene the vast crowd maintained almost breathless silence, which plainly told of the solemn impression it made. May God have mercy on the murderers soul.

Retrenchment.

Correspondence of the News

While our legislators are making retrenchments, why not commence on the gas question? The National Hotel, last month, paid for city gas $185, and this month it will not cost over $75, a saving of over one hundred per cent. Would it not be worth the attention of the Retrenchment committee to look at the Springfield Gas Machine and save the State $1,000 a year and have equally as good a light? The capitol, the two D. & D. Institutes and the large numbers of machines, now in successful operation—the water shops of the U. S. Armory, Springfield, Massachusetts, 1000 burners, town hall, Milford, New Hampshire, consumes 150 burners. The State Homepathic Asylum, for the Insane, Middleton, N. Y., 250 burners, and 1,500 other machines now working, and save the overburdened tax-payers $1000 in that and get as good and as certain a light. It is their duty to do it. TAX PAYER.

A NEED FOR POLICE.—The people living in what is known as East Raleigh make grave complaints that nightly their place is disturbed by persons who fire pistols and engage in street brawls. Thus that part of the city is made unpleasant to those who desire it to be peceful. It is not in the corporate limits of the city, so the police cannot make arrests there, yet is thick with houses, and contains a large population. Several of the good citizens ask if the jurisdiction of the police cannot be so extended as to take in that portion of the city, and so permit them to patrol it. The police go out there now, and run off the offenders, but they have no authority. An officer stated that they heard pistol shots every night, and thought east Raleigh, or more particularly, that portion at the old fair ground, was the most disorderly section of the city.

SOMETHING ABOUT SHEEP AND DOGS.—All the counties of this State have made returns to the Agricultural Department as to their sheep, and in all save two they are raised. Seventy-four counties made returns and these aggregate 375,439. These are for most part native stock. It is estimated that a good dog law and the use of improved breeds of sheep would run the number up to 2,000 000 in a few years. Seventy-eight counties report on dogs, giving the number at 111,039, about one dog for every three sheep. In several of the counties the number of dogs actually exceeds that of sheep. The number of sheep destroyed by dogs in these counties for the year past was 28 081—about 8,000 more than were destroyed by disease. These are some facts which may be interesting to other people than sheep raisers, for such destruction demands some consideration.

SUPREME COURT.—Court met at 10 o'clock on yesterday. Present, Chief Justice Smith and Justices Ashe and Dillard.

Call of appeals from the 9th district was resumed.

W. H. Runnion et al, vs M. J. Ramsey et al, from Madison; argument begun on Thursday concluded. Gilliam & Gatling and T. F. Davidson for the plaintiffs, and J. H. Merrimon and C. M. McLoud for the defendants.

George W. Kitchen et al, vs George W. Wilson et al, from Transylvania; argued by J. H. Merrimon and C. M. McLoud for the plaintiffs, and Reade, Busbees & Busbee and T. F. Davidson for the defendants. Pending the argument in this case, Court adjourned until this morning at 10 o'clock.

A CITY DISGRACE.—The nuisance of cows in the streets of this city has became a great one. It is a thing which the authorities of no other place of its size would dream of allowing. Yesterday a lady was walking on the sidewalk, when a cow which obstructed her way made a rush at her and she only saved herself from serious, perhaps fatal injury, by running behind a tree. So narrow was the escape that the horns of the cow tore her dress. Shall this nuisance not be stopped?

EXCITING RUNAWAY.—Yesterday that portion of the city on Fayetteville street near the market was thrown into some excitement by a startling runaway. The horse attached to some country wagon rushed from a side street into Fayetteville, and did not stop until brought up by the porch of the telegraph office. He fell with great force upon the pavement, after almost getting into the telegraph office. A crowd soon gathered, and it was at first thought that either the animal or the building was injured, but neither was damaged.

VALENTINES.—The most villainous valentines found eager purchasers yesterday, and were lavishly distributed through the mails. The sentimental one, bearing timid affection in every fold of its dainty envelope, was but seldom seen, and found but sorry company in the crowd of vulger missives that were generally sent. The only good feature about the custom now is that it must materially increases the postal revenues.

JOHNNY MAC'S TICKET.—Col. John A. McDonald the cheery post office janitor, who is always up with the latest, announces to his friends his presidential ticket for the '80 campaign. It is John Sherman, of Ohio, for President, and Reuben E. Fenton, of New York, for Vice President. He says he put Hayes through and now intends to shoulder this pair of worthies and carry them on to glory. Always sanguine, he sees them, in fancy, already elected.

OUR LAW MAKERS.

SENATE.

FRIDAY, February 14th.

The Senate was called to order at 10 o'clock, President Robinson in the chair.

Prayer by Rev. Dr. J. M. Atkinson, of the Second Presbyterian Church, this city.

Reading of yesterday's Journal dispensed with.

PETITIONS AND MEMORIALS

were presented by Senators White, Moye, Everitt, Scales and McEachern

REPORTS OF STANDING COMMITTEES

were submitted by Senators Mebane, Dortch, Leach, Waddell, Shackelford, Bryan, of Pender and Taylor.

BILLS

were introduced by Senators White, Leach and McEachern.

SUSPENSION OF THE RULES.

Senator Dortch, to take up a resolution on adjournment. Provides for the appointment of a Joint Select Committee, 3 on the part of the Senate and 5 on the part of the House, to examine the calendars of both Houses and report upon the most important business to be transacted before the adjournment of the Legislature. Passed final reading.

Senator Henderson, to take up a bill in favor of the sureties of Jonas Cline, late sheriff of Catawba county. Passed final reading.

Senator Graham, of Lincoln, moved to reconsider the vote by which the bill passed its final reading and lay that motion on the table. Carried.

Senator Stewart, to take up the bill to repeal chapter 206, laws of 1876-'77. Passed final reading.

UNFINISHED BUSINESS.

The unfinished business for to-day was the bill to abolish the office of State Geologist. This bill was discussed at some length yesterday. The debate to-day upon the bill was also a lengthy one, occupying nearly all the morning session.

Senator Austin favored the bill. He had nothing against Prof. Kerr personally, but he wanted to legislate for the best interest of his constituents. He said there was a screw loose somewhere, and the Legislature should tighten it. He asked the Senator from Henderson, Mr. Taylor, if the Survey had been of interest to his county.

Senator Taylor said that his section of country, so far as he had heard and could see, had not been benefited, but that he considered Prof. Kerr a perfect scientist and a thorough gentleman.

Senator McEachern asked that the bill be read, as he was absent when it came up on yesterday.

Senator Erwin was in favor of putting the Survey in with the Agricultural Department, and thus save the State of North Carolina the amount of salary paid the present incumbent, or a more reasonable salary at any rate. Let the State be just before she is generous.

Senator Alexander was surprised at the actions of Senators Erwin and Austin. At Mr. Erwin because he objected to the present incumbent on personal grounds, and at Mr. Austin because he came from one of the best gold counties in the State, and he could not see why that gentleman was opposed to the Survey.

Senator Everett opposed the bill from beginning to end. He had visited the Museum and examined and propounded questions to the Geologist, which satisfied him that it would be a great loss to the State.

Senator Snow moved to refer the whole matter to the Judiciary Committee. Lost.

Senator Merritt asked leave to withdraw the amendment offered by him yesterday, which was granted.

The question then recurred upon the substitute offered by the Senator from Buncombe, Mr. Davidson, which provides that the Governor shall appoint, by and with the consent of the Senate, a suitable person to conduct the Geological Survey of the State. The sum allowed such person not to exceed $2,000; the expenses of said Survey not to exceed $3 000 and to be paid by the Agricultural Department.

Senator Scales was in favor of the substitute. He did not represent Prof. Kerr, but the justice and interest of North Carolina.

Senator Snow also favored the substitute. He could not see why it should not pass the Senate unanimously. It would save to the tax-payers of North Carolina the amount of $5,000, and the Agricultural Department could well afford to keep up the Survey.

Senator Leach favored the substitute, and would cheerfully support it.

Senator Caldwell had no animosity or prejudice against the present incumbent, but was in favor of abolishing the Survey, as also was Senator Hoyle.

Senator Williamson moved to amend by limiting the term of said appointee, whoever he might be, to two years, and that the Governor and Board of Agriculture be empowered to remove said Geologist at any time they saw proper.

Senator Dortch called for the previous question, which was lost.

Senator Ormand moved to lay the whole matter on the table. Lost.

Senator McEachern moved to adjourn. Lost.

Senator Davidson said he did not introduce the substitute at the instance of Prof. Kerr, although he was a man in every way suited for the position, and that if the appointing power was vested in him he should certainly appoint the present incumbent. He demanded the previous question.

The vote was then taken upon the amendment of Senator Williamson to the substitute of Senator Davidson, and adopted.

The question next recurred upon the substitute, and was adopted by a vote of 38 to 8. The original bill then passed its second reading.

A suspension of the rules were granted, and the bill, as amended passed its final reading by a vote of 37 to 9, ordered to be sent to the House of Representatives asking concurrence in the amendments adopted by the Senate.

Senator Davidson moved to reconsider the vote by which the bill passed its final reading, and lay that motion on the table. Carried.

The Special Order set for to-day at 12 o'clock was, on motion of Senator Snow, postponed and made the special order for Thursday next at 12 o'clock.

Senator Hoyle was excused from serving on the Joint Committee to appoint Justices of the Peace, and Senator Respass appointed in his place.

Senator Bynum said that a vast amount of work had and was accumulating upon the Calendar of the Senate, and in order to get rid of some of it, he would move to adjourn until 7½ o'clock to-night.

Senator Snow moved to amend, that the Senate do now adjourn. Carried.

HOUSE OF REPRESENTATIVES.

FRIDAY, Feb. 14th, 1879.

The Speaker called the House to order, and Rev. J. M. Atkinson, D. D., offered a prayer.

PETITIONS

were presented by Messrs Richardson of Columbus, Brown of Mecklenburg, Orchard, Berry, Chick, Young, Huffstetler, Mebane, Meares, Leatherwood, Barringer, Grant, Reid of McDowell, Norment.

REPORTS OF STANDING COMMITTEES

were submitted by Messrs Holt, York, Bryson, Cooke, Vaughan, English.

RESOLUTIONS

were introduced by Messrs Jones, Turner.

BILLS

were introduced by Messrs Lewis, Norment, Coffield, Taylor, Dixen, Orchard, Holt, Huffstetler, Davis of Haywood, Yorke, Davis of Madison, English, Newell, Robertson, Moore.

LEAVE OF ABSENCE

were granted Messrs Goodston, English, Bernard, Lockhart, Lamb, Carter of Warren, Cary, Buchan, Leatherwood, Jones, Harrell, Foster, Taylor.

CALENDAR.

Bill to establish Black Mountain township, Buncombe county, passed.

Bill to incorporate Marvin Camp Ground, Caldwell, county, passed.

Bill to incorporate the county of Graham was made special order for Thursday, at noon.

Bill enacting a stock law in south Iredell county. Mr. Lewis was opposed to passing these stock laws, and thought these local bills should come up with the general bill. When that bill came up he would take position against it. Mr. Aidrey advocated the bill, and did not deem opposition to such local legislation proper. The stock law in Mecklenburg was one of the greatest benefits ever conferred, and the people, of all classes and means had a warm regard for it. The people of Iredell ask the bill so as to prepare the fence for their county in time for the crop. Mr. Cleek thought such opposition to local legislation unfair. The stock law is in force in part of the county, and the bill merely extends it. Mr. McCorkle said the sentiment of the people of Iredell, and it was for such a law.

Mr. Norment sent in an amendment that the expenses of such law be paid by the townships. Mr. Bost said the law was desired by the people of Iredell, and they had some rights on the subject. Mr. Vaughan knew that the bill was desired by all the people of Iredell. He opposed the amendment. The amendment was then lost, and the bill passed its second reading.

Bill to repeal an act to lay off a public road in Watauga county, passed.

SALARIES AND FEES

Bill to regulate fees of Clerks of Supreme and Superior Courts, the Clerk of the Supreme Court shall receive an annual salary of $300 and fees. The fees of Registers of Deeds and Sheriffs are also prescribed, while tales jurors are to receive 50 cents per day and no mileage.

Mr. Amis sent in an amendment saying that the Clerks of Superior Courts shall receive $200 salary, and fees as at present. He explained the propriety of this, saying that the matters had been carefully considered, and hundreds of suggestions had been received, and it was deemed proper to make this change. The amendment was then adopted.

Mr. Barringer offered an amendment to allow sheriffs 3 per cent. on all collections over $10 000, and 2 on all under. Mr. Lewis thought the bill rates fairer, as did Mr. Atkinson, Mr. Cooke said that the low fees now specially charged on chattel mortgages were taken away, and this would work harm, as the cheap chattel mortgage was a great convenience to poor people, who desired to raise small sums.

Mr Coffield said the reduction of collection of fees proposed in the amendment, was unfair, and would cause him to vote against it. The amendment was then lost.

Mr Norment moved that the whole matter be laid upon the table, and up on the motion called the ayes and nays, when the House refused to table, by a vote of 55 to 46.

Mr Coffield moved that the bill be re-committed to the Committee on Salaries and Fees, as there promised to be an interminable discussion, the amendments to be referred with the bill. Mr Taylor thought such re-reference was merely procrastination. Mr Amis deemed it best to recommit the bill, as it was best to give it all possible attention. Mr Blocker took the floor and gave the Salaries and Fees Committee a lecture on their duties, which was much relished. Mr Scott did not favor re-committal, but Mr Reid, of Macon did. He called the previous question. The bill and amendment were then referred.

A message from the Governor, transmitting the report of the Adjutant General of the State, and complimenting the State Guard for its efficiency and discipline, and recommending that no legislation damaging to its efficiency be enacted. He recommended the increase of salary of Adjutant General to $600 per annum. The message was transmitted to the Senate.

Bill to incorporate the town of Newton Grove, Sampson county, passed.

Bill to incorporate the town of Burgaw, Pender county, passed.

Bill to allow persons to repair breaks in banks of any stream so as to divert its floods from lands.

Bill to create Cypress Creek and Lake Creek townships, in Bladen county.

Resolutions to raise a joint select committee of four be appointed to ascertain if any excessive rates of trasportation are charged by the railway or transportation companies, in violation of their charters, passed and was sent to the Senate.

Bill to prevent the enticing of seamen from vessels in any ports of the State, passed.

Bill to incorporate the town of Matthews, Mecklenburg county, passed its final reading.

ALBEMARLE AND CHESAPEAKE CANAL

Resolutions raising a committee to investigate the management of the Albemarle and Chesapeake canal, and appropriating $250 for such examination. Mr. Blaisdell stated the intent of the resolution, and said that the State owned nearly one-half of the stock. Returns of tolls on tonnage are not reported. Mr. Turner thought the investigating committee was needed, but said that most committees of like character were inclined to champagne, terrapin and oyster than to the business in hand. Mr. Blaisdell thought the State had been imposed upon and backed his statements with figures. The resolution should be passed, as next July the mortgage bonds fall due. There was some debate by Messrs. Richardson, of Columbus, Clarke and Anderson.

Mr. Vaughan moved to amend by saying that the committee report to this Legislature, as soon as possible.

Mr. Melson said he was creditably informed that the State had been defrauded in the management of the canal. Mr. Jones thought that swift action was necessary. There was need of investigation, as he had examined the matter. The committee can send for persons and papers. The State may be gainer by thousands. Mr. Blocker shared this opinion.

The resolutions then passed by a large vote.

Bill to relieve farmers and others from payment of special tax in cities upon wagons filled with garden truck, fish, oysters, etc., passed, after remarks by Messrs. Lamb and Scott in favor, and by Mr. Bernard in opposition. The latter thought it was a strike at powers delegated to cities in their charters. Mr Scott said that in Wilmington before a person from the country could sell 50 cents worth of green corn he must pay 10 cents license. It is an injustice and here is a chance for reform. Mr. Etheridge said it was an act of pure justice to the farmers to pass the bill. It then passed unanimously.

At 2 30 the House adjourned until 7.30 p. m.

EVENING SESSION.

The House was called to order by Mr. Vaughan.

CALENDAR.

Bill to incorporate the American Gold Mining Company, in Cabarrus county, passed.

Bill to incorporate the Standard Gold Mining Company, passed.

LEAVE OF ABSENCE

was granted the Speaker, Messrs. Martin, Clarke, Cooke, Ardrey, Robertson, and the Enrolling Clerk.

On motion of Mr. Bost, the calendar was placed at the Speaker's disposal.

Bill to amend the law in relation to holding Superior Courts in the Eighth Judicial District, was re-referred to the Judiciary Committee.

Bill to prohibit the removal of causes from one county to another, save where the ends of justice absolutely requires such transfer, passed its final reading.

TRAMPS.

Bill to prevent tramps from depredating upon the people of the State, or from cruising around generally, and giving them 6 months in jail. A discussion on the tramp and his life was started. One member thought tramps were drummers, whereat the House grew mirthful.

Mr. Orchard explained the miseries and mysteries of tramp life, and showed these wanderers up as nuisances.

Mr. Blaisdell showed up the tramp as a base vagrant, thief, assaulter and burner.

Messrs. Lamb, Rawley and Huffstetler added their testimony to the bad character of these gentry.

An amendment was adopted, allowing persons who prove good character to go free on payment of costs. The bill then passed its readings.

FARMING OUT CONVICTS.

Mr. Norment introduced a bill to relieve the people by enacting that all outside convicts be farmed out in parties of ten or more to such corporations or persons as will make the highest offer for them. None to be let to any railway unless the private stockholders pay for their maintenance. The General Assembly to invite proposals for convicts as above stated. The bill was ordered to be printed and referred to the Committee on Propositions and Grievances.

Bills requiring town and city collectors of taxes to make returns of collections monthly, passed.

Bill to amend the law regulating the fees of jailors, by allowing 30 cents per day, unless the County Commissioners specially order an increase, not exceeding 45 cents, was tabled.

Resolution allowing Enrolling and Engrossing Clerks the same per diem as the Principal Clerks, passed.

At 10:15 the House adjourned.

Finding Flaws.

New York Times.

Col. Wm. Tilden failed to exonerate his uncle Samuel. On the 21st of November, 1876, Tilden knew what had been done to corrupt the Returning Board of South Carolina. Two years after he saw fit, in a card to the public, to convey the impression that he knew nothing of the plot.

The Insurance Bill.

We discover from our exchanges, and from conversation with Fire Insurance Agents visiting our city, and those doing business here, that very great concern is felt in all parts of the State on account of the passage in the House of Representatives of H. B. 231, *for the protection of policy-holders*, which law forces Insurance companies to pay the amount insured on a building, whether it is over-insured or not; forgetting policies of insurance, according to their terms, promise only to indemnify the assured to the amount of the policy, thus increasing the temptation to arson and fraud. It is stated on reliable authority that (6.10) six-tenths of the losses that have accrued in this State since 1873, have been caused by over-insurance and incendiaries, and so fearful were the losses in 1878, that about twenty companies retired from the State, saying as a reason, "that they were tired of building up the waste places in North Carolina." It is argued by the friends of this bill, that insurance agents should have sufficient knowledge of the cash value of buildings, their cost of construction and depreciation by reason of occupancy and time elapsed since built; to know what is the cash value of a building and that they should fix the value, and if they place $1,000 on it for a certain premium, and it is lost by fire, that the whole amount should be paid without deduction, regardless of its value. This looks fair and just to those who have no experience in underwriting, but they forget that not one insurance agent in ten has any knowledge of the cost or cash value of buildings, and under such a law, a bad man, by false representations, could induce an agent to place a much higher value on his building than it was worth, and in a short time cause it to be burned to realize a big sum on an unproductive and over-insured building. It has been presumed for centuries, that the owner of the building to be insured, knows better than any other person, what it would cost him to replace it. And hence, according to recent decisions, the agent who writes the survey and application for a policy is considered the agent of the assured and not of the company. No honest man has ever been known to object to the universal rule which, for a century or more, has been practiced in the adjustment of losses, when the adjuster's estimate is objected to, viz: the assured selects an expert builder, and the adjuster one of like qualifications, to estimate the cash value of the property destroyed, and if they cannot agree, they call on a third expert to decide, and the companies pay the amount thus agreed to when it does not exceed the amount of insurance, or the Company rebuilds the house at its cost. This is fair and equitable to all concerned.

It is well known that since the great reduction in the cost of labor and buildings, prudent agents have cancelled very many risks, and in renewing long term policies, refuse to write exceeding (2-3) two-thirds of the amount heretofore insured on the building, and great complaint have been made when buildings are insured for benefit of mortgagee, when the agent refused to insure a sufficient amount to indemnify the mortgagee from loss in case of fire. But nevertheless, hundreds of buildings insured three years ago for five years, would not bring now for cash—the land on which they are situated included—within 25 per cent. of the amount insured on them. Under the law as it passed the House, the companies, in case of loss by fire, will be compelled to pay the whole amount insured, regardless of present value. Hence all the prominent and more reliable companies doing business in this State have instructed their agents, should the Legislature pass this bill, to cancel all their policies and return their supplies and commissions. Let this be done and who can describe the ruinous consequences that will be entailed on every department of business, from the mountains to the sea shore. There are but three companies in this State, all small, none of them will or should expose themselves to a greater loss than $2,500 by one fire; consequently our citizens would be compelled to secure indemnity against loss by fire out of the State, and in case of disagreement or refusal of a Company to pay its losses, would have to sue in distant States at great disadvantage, enormous expenses, or take what the Company choose to offer, while the few companies remain in the State, and the "wild cats" or irresponsible companies that would flood the State, would charge five times the present rates, and no one be benefitted; on the contrary, the State would lose an annual income of $15,000 to $20,000, and a large class of clever and deserving citizens, known as insurance agents, who are a great convenience to our citizens, and notorious for their urbanity and liberality, would these hard times be deprived of their only means of subsistance, and evil-minded men—pressed to pay their obligations, be encouraged by law to over-insure and destroy their property.

Owing to the absence of capital, North Carolina is dependent on foreign companies for indemnity against loss by fire, and our law-makers should encourage, rather than so legislate as to force them to retire. We hope, therefore, that the bill referred to, and no other bill, discriminating between home and foreign companies will be passed by this or any future Legislature, until we have home companies of sufficient capital to protect our citizens from loss by fire.

THE Roman board of health makes the comforting prediction that if the russian plague enters Europe, it will destroy one-third of the population; that is about eighty millions of souls, which is the sure total for the whole world of the last recorded plague. It is said that in the province of Astrachan when the pestilence was of late making its greatest ravage, it has entirely ceased. Such sudden cessation would be little short of miracle, and therefore the great destroyer may soon be heard from again. Europe; nay all the world may cry, "from plague, pestilence and famine, Good Lord deliver us."

The Constitutional Amendment.

Having in view the lessening the burdens of the State occasioned by compulsory provision for the Insane and other unfortunates, failed in the House on Thursday to get its constitutional majority falling short three or four votes. It will come up again next week, and will most probably go through because it has no party hostility to encounter, but finds supporters of opponents among both Republicans and Democrats.

The present constitutional obligation is a most oppressive one, and entails far the heaviest burden upon the people they are called upon to bear. The State shall, whether able or not, provide for all the large and increasing classes of lunatics, idiots, deaf, dumb and blind, either in suitable buildings erected by the State for the purpose, or outside, by paying each county, upon application so much per head for each of the unfortunate class provided for at home. In carying out the first plan, she has erected or is now erecting, large and costly buildings, maintained at heavy, and regularly increasing, annual expense. For the other she saddles herself with a charge growing steadily in weight, increasing at the rate of ten thousand dollars a year, until the future prospect is appalling. The whole revenue of the State, at the rate this burden is increasing will not suffice to meet a demand which cannot be denied, because the constitution says it shall be met.

The proposed amendment solves the trouble very promptly by substituting an optional instead of an imperative obligation. By this substitution, the State may make some discrimination; and she will do this by taking care of those who cannot take care of themselves; and exacting from those who have pecuniary resources a reasonable compensation for the care given to them. This is not only reasonable, it is necessary; for if the requirement of the constitution is not changed. All other branches of the State government must dry up, all the other obligations of the State must be disregarded, anything else must suffer, that the demand of constitution that the lunatic, the blind, the deaf and the dumb shall be provided for by the State may be met.

THE end of the session of Congress is rapidly approaching, and with it, the possibility of an extra session because of the anticipated stubbornness of both sides with respect to the repeal of the election supervisors and test oath laws. The Democrats are determined to wipe both those offensive enactments from the statute books, and unable to do so directly, propose to attack the act of repeal to the appropriation bills. This is a pill the Republicans don't care to swallow, and threaten to risk the appropriation bills rather than do what they profess to be so hateful to them. We say, profess; for actually the test oath law was repealed some years ago and only remains on the statute book by error or trick in revision. Being there by trick or error, the discovery of its wrongful existence ought to have been the signal for its immediate erasure. But the Republicans cling to it as they do to all their other acquisitions of fraud, and make great show of virtuous indignation at the means by which the Democrats now propose to out-general them.

Mr. Bayard opposes the strategy of the Democrats, and questions the wisdom of risking revolution or the locking the wheels of government to reach what time will certainly bring about. But the question is whether an admitted fraud and a recognized evil shall have longer existence when the one is exposed and the other is daily aggravating reality, if the means can be found to apply remedies which may or may not be dangerous to national peace. And we confess we agree with that larger body of Democrats, who propose to apply their remedy.

IN THE consideration of the Public Debt question if the Legislature would make up its mind to apply vigorously and scrupulously all the proceeds of taxation on liquors to the payment of the interest, and the creation of a sinking fund for the payment of the public debt; making this resource as specific and inalienable as is the fund for the support of educating; then it might start on its purpose of providing with a defined object in view and with definite source from which to meet its capabilities. The Moffett Registers and other indicators might have more favor extended them.

Grant and Sherman.

Washington Post.

The angry contest that has been inaugurated between the friends of Grant and the backers of Sherman is bringing out some statements that could scarcely have been expected from Radical sources. One Republican organ of "the greatest living American" sneers at Sherman as a failure in finance, and says that "resumption has come, not through his efforts but in spite of his blunders." A journal that early ranged itself under John Sherman's banner asserts that "no man who loves his country can desire another term in the Presidency for the man who degraded this high office to the plane on which Grant ran it." The discussion is becoming entertaining, and not only entertaining, but profitable.

Butterwood and Our Law Makers.

Correspondence of the News.

NEWTON, Feb. 13th.

In the NEWS of the 7th instant, Mr. "Butterwood" hits "Clerk" a heavy blow, or at least Mr. B. thinks so. I hope my friend from Halifax will hold a little; he says that "the Clerk condescends to take one half of the legislator's fee but gets back to $4 00." If friend B. had waited until your issue of the 6th, he would have seen the correction and who it was that was doing the writing. I am much obliged to B. I never try to "befog" a legislature, if I did, I would not deal in such plain language. Mr. B. says if "I am worked hard it is not like working in rain and broiling sun shine." I am obliged to my friend. Many days have I went through all that in *ante belem* times, and then followed the "stars and bars" over the hills and valleys of Virginia, Maryland, and Pennsylvania, until disabled for life. Did my friend do as much?

B. says "why should Clerks and Registers have more than $500 or $600 per annum?" Why, we don't ask more in this county. The Clerks and Registers are ready and willing to turn over all fees to the Commissioners if they will give us $600.

I don't know what Clerks and Registers get in Halifax. I am sure they never get $5,000 or $8,000 up here, and the truth is, if they confine themselves to the fee bill, no Clerk or Register can earn $5,000, for he would not have the physical strength if he had the work to do, and if he makes over charges, prosecute him. The fees of my office did not reach $1,000 in 1869-'70 when I had as much work as I could do, and that too under the fee bill that was too high. (We were required then to keep account of fees.) My friend is also mistaken about the "store and farm." I have neither, I wish he had my place and I had his farm so I could suffer a little, and he get rich. If I had his farm (and was disposed) probably my wife could then attend a coronation ball at the capital; she can't do so now.

Another matter B. overlooks as well as many others do, and that is the matter of responsibility of Clerks. The Clerk is under heavy bonds, and if he gets $5 000 to-day, puts it in a safe to be paid to parties in and out of the State, and probably has it on hand 12 months or more, before he can pay over, suppose it is stolen, who is responsible? The Clerk of course.

Judge Pearson, said (in rendering the decision) in a case where the Clerk had lost money by depositing in a bank, that "it was hard on Clerks to hold them responsible." So it is. Yet they are held responsible. Members to the legislature are under no bonds, except they are honorably bound to do what they believe to be right without regard to what "Clerk." "Butterwood" or any one else may say; or without regard to selection or the nomination for Congress from their District as work for "buncomb" is generally "too thin."

Prudence and policy would dictate to me to keep quiet, but my plan is to speak out, and defend what I believe to be right.

How much have you ever paid your Clerk and Register?

Another thing you are mistaken about, and that is, that there are plenty of men who can fill the clerks office, under the present regime. The office is one of great responsibility and difficult to fill. Who can, and who does fill it right? I believe no doubt there are men in my county, who with the experience I have, would make better Clerks than myself; but I am not sure they want it, for they can do better at something else with less annoyance and responsibility. I agree with friend B. and would accept his scale of fees, if it could be done; also his idea about dogs. I think I could suggest a plan by which he and others could get rid of considerable expense, where there are so many insolvent convicts, first leave it discretionary with the Commissioners as to whether they pay one half or one-fourth of such costs—or accept Graham's bill.

I am informed by a friend in the legislature that they propose to reduce the Clerks fees on capiases, seals, &c., to less than what they were before the war; because says a lawyer "the filling up of a capias is not worth $1.00." Neither is the filling up of a blank petition for partition or dower worth $1.00 or even 50 cents, to go to the real worth of it, yet my friend the lawyer gets $4.00 for such a petition, and often an addicional $5 00 counsel fee in the same case. I don't object to his getting it, because his law knowledge costs him labor and money; but I want to show him the inequality of the thing. Is it not as much trouble for a Clerk to issue capiases now as before the war? ("Does not butter cost more now than then?") The Clerk issues a capias for a man accused of crime, my friend fills a blank, just as easy filled, (as the capias) for a poor widow, the Clerk gets $1.00 the lawyer $4.00—or more; of course that is all right. Give Clerks the old fee bill—(except marriage license, road orders and fees allowed for making out tax lists which are now in the Registers hands) with equitable fees, for the new order of Probate business and this Clerk will be content. If the people are not willing to pay a little more for the convenience of having the Probate Courts opened daily for the transaction of business, then let us have Courts quarterly, as under the old system; for then it was, our people had to attend Court to get a deed proved; now they can attend to it before a Justice of the Peace. I hope the Editor, friend B. and the legislature will pardon me, for taking up space in the NEWS, or for any saying that might seem unkind, but the Clerks of the Superior Courts have been a target for some members of the legislature to shoot at every session since 1870; and friend B. also has the common idea, that the Clerks of the Court get all the money, and if I can't defend myself in any occupation I engage in, I want to quit. I am tired of being accused of being rich when I know it is not so. Let us judge not, unless we can judge righteously. I don't know that I have an enemy in the legislature, but many friends.

CLERK.

The Grant Movement.

Springfield Republican.

The most formidable movement in the National field of politics to-day is that to make Gen. Grant President for a third term. That it will be successful we have little expectation, but that it is important enough to demand the serious attention and vigorous opposition of every citizen who has the welfare of this country at heart is only too apparent.

Tilden's Vindication.

New York Graphic, (Rep.)

The fair man who will not misconstrue the acts and motives of others will be inclined to accept Mr. Tilden's explanation. The partisan will be inclined to doubt it, and some very bitter partisans will deny it any validity at all. But in the long run fairness will rule the day, and unless new evidence connecting the ex-governor directly with the intended fraud is discovered, the sober second thought of the public will be that Mr. Tilden knew nothing of the attempted bribery at its inception, and that when he heard of its being attempted he repudiated the whole transaction.

STABILITY OF LIFE INSURANCE.

The Progress of an Old and Solid Company.

The Dry Goods Bulletin,

The annual statements of life insurance companies ordinarily posses little interest, except for those directly concerned, but occasionally there is presented such a splendid array of facts and figures as arrest the attention and compels the admiration of the most casual observer. Such is the statement of the Ætna Life Insurance Company, of Hartford, Conn., for the year ending December 31, 1878. It gives such evidence of strength and vitality; of calm superiority over adverse influences; of undeviating adherence to its wonted course, that it reminds one of the progress of a stately vessel through stormy seas, breasting the waves without a tremor, carrying all sail while weaker craft are scudding under bare poles, and bringing her precious freightage in safety to its destined haven.

But dropping me aphor, let us glance at a few of the statistics contained in this latest exhibit of the condition of the staunch old Ætna Life. Its assets on the 1st of January, 1879, were $25-120,804 24, an increase of $979 628.54 over the previous year. Its entire liabilities, including the re-insurance reserve, were $21,787,405 24, leaving a surplus as regards policy holders, of $3 333,300 by the Massachusetts standard, or $4,764,636 77 by the New York standard.

The premium receipts for 1878 were $2 770,100 41; the interest receipts were $1 617 764.91. The last named item is $150,386,11 more than the total amount paid for death losses and all expenses, showing conclusively the sound and productive character of the Company's assets. It will be noticed that the real estate investment is small, amounting to but $427 249 83, which is the actual cost, while its present value is considerably more. The mortgage loans, aggregating nearly $11-000 000, have been made with such good judgment that less than $100,000 of interest remained due and unpaid on the 1st of January, 1879, or less than one per cent. for one year on the amount loaned. Only small loans are made, the average amount being less than $1,500.

The management of the Ætna has always been noted for economy, its expenses being usually below those of other companies, but for 1878 they were smaller than in any previous year, amounting to but a fraction over eight per cent. of the income. This is a practical reduction of the cost of life insurance, and directly affects the interests of policy holders. Prudence, economy and judicious management in all departments of its business have placed this Company in a stronger position to day than ever before, and its dividends to policy holders will be increased for the current year, a course which is amply warranted by the large addition to the surplus during 1878.

The immense pecuniary benefit to the community of such an institution as the Ætna is shown by the fact that since the establishment of the Company, in 1820, it has paid death and endowment claims to the amount of $16,137,194 43, and paid in dividends to its policy holders the sum of $14-286,744 31. Always meeting its obligations faithfully and promptly, it has become so thoroughly established in public confidence that detraction and misrepresentation are powerless to affect its standing and reputation. It perfectly fulfills the great end and obligation of such an institution—the extension of absolute security and protection to the assured—and in its present matured development is a power of strength whose endurance bids fair to be perpetual.

There is no necessity however, for prolonged argument in favor of this staunch old Company; the results of the wisdom and integrity by which its course has been guided are clear and open to the examination of all, and no one can peruse the record of its splendid career of usefulness without the bestowal of an involuntary benediction upon its beneficent mission.

The Colored Race Moving.

Washington Post of the 11th.

A conference of leading colored men was held in this city Monday night to consider the expediency of holding a National conference of colored citizens of the United States. Gov. Pinchback, of Louisiana, was elected chairman. Among the many prominent colored men present were John R Lynch, Mississippi; Richard T Greener, South Carolina; James B Devaux, Georgia; A Dumont, Louisiana; Marmon Howard, Mississippi; James D Kennedy, Louisiana. It was decided to hold the National conference at Nashville, Penn., on Tuesday, May 6th next. The chairman was empowered to appoint an executive committee of fifteen, of which he was made ex-officio chairman, which was authorized to extend invitations to prominent colored men throughout the country, to confer with railroads relative to reduced fare to and from the place of meeting, and make all necessary arrangements. The form of a circular was agreed upon embodying the objects of the proposed conference, which is to consider the situation of the colored people in the South, relative to the enjoyment of life, liberty and property; also the education, moral, social and political condition, and the question of migration. It is expected that this proposed conference will be the most influential gathering of colored men ever assembled in this country. Its proceeds will undoubtedly be looked forward to with much interest by the American people, and will doubtless result in great benefit to the colored race.

A Time of Mourning.

Atlanta Constitution.

This will be a gloomy week for those who believed in the efficacy of the Tribune's cipher transactions as a means of killing either the Democratic party or Mr. Tilden.

The Death Rate of

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boschee's German Syrup been taken, a cure would have resulted, and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs, Boschee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 950,000 bottles sold last year without a single failure known.

Vegetine

FOR

CHILLS, SHAKES,

FEVER AND AGUE.

TARBORO, N. C., 1878.

DR. H. R. STEVENS:—

Dear Sir,—I feel very grateful for what your valuable medicine, Vegetine, has done in my family. I wish to express my thanks by informing you of the wonderful cure of my son; also, to let you know that Vegetine is the best medicine I ever saw for Chills, Shakes, Fever and Ague. My son was sick with measles in 1875, which left him with Hip-Joint disease. My son suffered a great deal of pain all of the time; the pain was so great he did nothing but cry. The doctors did not help him a particle, he could not lift his foot from the floor, he could not move without crutches. I read your advertisement in the "Louisville Courier-Journal," that Vegetine was a great Blood Purifier and Blood Food. I tried one bottle, which was a great benefit. He kept on with the medicine, gradually gaining. He has taken fifteen bottles in all, and he is completely restored to health, walks without crutches or cane. He is twenty years of age. I have a young son, fifteen years of age, who is subject to chills. When I see he is one coming on, he comes in, takes a dose of Vegetine and that is the last of the Chill. Vegetine leaves no bad effect upon the system like the most of the medicines recommended for chills. I cheerfully recommend Vegetine for such complaints. I think it is the greatest medicine in the world.

Respectfully, MRS. J. W. LLOYD.

VEGETINE.—When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, the Vegetine will renew the blood, carry off the morbid humors, cleanse the system, regulate the bowels, and impart a tone or vigor to the whole body.

FOR

DYSPEPSIA, NERVOUSNESS AND GENERAL DEBILITY.

BERNARDSTON, MASS., 1878.

We, the undersigned, having used Vegetine, take pleasure in recommending it to all those troubled with disorders of any kind, Dyspepsia, Nervousness or General Debility, knowing the Great Blood Purifier sold by H. R. Stevens & Son, who sell more of it than all other patent medicines put together.

MRS. L. F. PERKINS,
MRS. H. W. SCOTT,
JOSEPHUS SLATE.

Vegetine is the great health restorer—composed exclusively of barks, roots, and herbs. It is very pleasant to take, every child likes it.

NERVOUS HEADACHE

And Rheumatism.

CINCINNATI, O., April 9, 1877.

H. R. Stevens, Esq.:

Dear Sir,—I have used your Vegetine for Nervous Headache, and also for Rheumatism, and have found entire relief from both and take great pleasure in recommending it to all who may be likewise afflicted.

FRED. A. GOOD,
148 Mill St., Cin'n.

Vegetine has restored thousands to health who had been long and painful sufferers.

VEGETINE

Druggists' Testimony.

Mr. H. R. Stevens:—

Dear Sir,—We have been selling your remedy, the Vegetine for about three years, and take pleasure in recommending it to our customers and in no instance where a blood purifier would reach the case, has it ever failed to effect a cure to our knowledge. It certainly is the ne plus ultra of renovators.

Respectfully,
E. M. SHEPHEARD & CO., Druggists,

SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs those seeming miracles of which the following is

A FAIR SPECIMEN.

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, to my great surprise, I have a thick growth of young hair.

[illegible] INSURANCE, U. S. A.

In every important respect the Kathairon is wholly incomparable. It is unequaled

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

Slaughter of the Indians.

Among those who escaped from the late massacre was the noted Chief "Dull Knife," by far the most implacable and execrable savage that ever invaded civilized or uncivilized homes—a perfect pest to all beef eating communities. We congratulate the people of this State that such a splendid assortment of SHARP CUTLERY was opened last week at Law's China House, Raleigh and Charlotte.

N. B. Lots of crockery arrived too.

Unheard of Bargains!

AT THE INDEFATIGABLE ENDEAVORS TO PLEASE THE PUBLIC SO HERE GOES.

Ye muses nine, inspire my pen,
To sing of Fayetteville street, No 10,
who tries his best to please his friends
And in his labors never ends,
Bargains he'll give you when you call
For No. 10 is all and all.
Of other houses you hear them talk;
In Fayetteville street just take a walk
And only ask for No 10,
Kept by the most ingenious of men,
And when his friends by chance drop in
Then forth he comes, Lord what a grin,
And to their wondering eyes displays
Such heaps of brackets and window shades.
His pictures are exposed to public view
And a variety of cord to suspend them too,
His looking glasses and toilet cases
Will help adorn your forms and faces;
Picture frames and mouldings too
In great variety, black, brown and blue.
His window cornices and lambrequins fine,
will make your rooms and parlor shine.
Perforated mottoes, and white holly baskets.
And every other sort of stuff,
O! what a hopes to have enough.
So now he bids your all adieu
And wishes a happy new year too.
And not forget

DR. C. McLANE'S

CELEBRATED

LIVER PILLS

FOR THE CURE OF

Hepatitis, or Liver Complaint,

DYSPEPSIA AND SICK HEADACHE

Symptoms of a Diseased Liver.

PAIN in the right side, under the edge of the ribs, increases on pressure; sometimes the pain is in the left side; the patient is rarely able to lie on the left side; sometimes the pain is felt under the shoulder blade, and it frequently extends to the top of the shoulder, and is sometimes mistaken for rheumatism in the arm. The stomach is affected with loss of appetite and sickness; the bowels in general are costive, sometimes alternative with lax; the head is troubled with pain, accompanied with a dull, heavy sensation in the back part. There is generally a considerable loss of memory, accompanied with a painful sensation of having left undone something which ought to have been done. A slight, dry cough is sometimes an attendant. The patient complains of weariness and debility; he is easily startled, his feet are cold or burning, and he complains of a prickly sensation of the skin; his spirits are low; and although he is satisfied that exercise would be beneficial to him, yet he can scarcely summon up fortitude enough to try it. In fact, he distrusts every remedy. Several of the above symptoms attend the disease, but cases have occurred where few of them existed, yet examination of the body, after death, has shown the LIVER to have been extensively deranged.

AGUE AND FEVER.

DR. C. MCLANE'S LIVER PILLS, IN CASES OF AGUE AND FEVER, when taken with Quinine, are productive of the most happy results. No better cathartic can be used, preparatory to, or after taking Quinine. We would advise all who are afflicted with this disease to give them a FAIR TRIAL.

For all bilious derangements, and as a simple purgative, they are unequaled.

BEWARE OF IMITATIONS.

The genuine are never sugar coated.

Every box has a red wax seal on the lid, with the impression DR. MCLANE'S LIVER PILLS.

The genuine MCLANE'S LIVER PILLS bear the signatures of C. MCLANE and FLEMING BROS. on the wrappers.

Insist upon having the genuine DR. C. MCLANE'S LIVER PILLS, prepared by Fleming Bros., of Pittsburgh, Pa., the market being full of imitations of the name *McLane*, spelled differently but same pronunciation.

LIVER

This important organ weighs but about three pounds, and all the blood in a living person about three gallons passes through it at least once every half hour, to have the bile and other impurities strained or filtered from it. Bile is the natural purgative of the bowels, and if the Liver becomes torpid it is not separated from the blood, but carried through the veins to all parts of the system, and in trying to escape through the pores of the skin, causes it to turn yellow or a dirty brown color. The stomach becomes diseased, and Dyspepsia, Indigestion, Constipation, Headache, Biliousness, Jaundice, Chills, Malarial Fevers, Piles, Sick and Sour Stomach, and general debility follow. MERRELL'S HEPATINE, the great vegetable discovery for torpidity, causes the Liver to throw off from one to two ounces of bile each time the blood passes through it, as long as there is an excess of bile; and the effect of even a few doses upon yellow complexion or a brown dirty looking skin, will astonish all who try it—they being the first symptoms to disappear. The cure of all bilious diseases and Liver complaint is made certain by taking HEPATINE in accordance with directions. Headache is generally cured in twenty minutes, and no disease that arises from the Liver can exist if a fair trial is given.

BLOOD

Grave mistakes are made in the treatment of all diseases that arise from poison in the blood. Not one case of Scrofula, Syphilis, White Swelling, Ulcerous Sores and Skin Disease, in a thousand, is treated without the use of Mercury in some form. Mercury rots the bones, and the diseases it produces are worse than any other kind of blood or skin disease can be. DR. PEMBERTON'S STILLINGIA OR QUEEN'S DELIGHT is the only medicine upon which a hope of recovery from Scrofula, Syphilis and Mercurial diseases in all stages, can be reasonably founded, and that will cure Cancer.

$10,000 will be paid by the proprietors if Mercury, or any ingredient not purely vegetable and harmless can be found in it.

ATTENTION OF THE

County Superintendents of Public Instruction, Boards of Education, and Principals of Private Schools, etc.,

Valuable Educational Works

Sanford's Series Analytical Arithmetics AND Worcester's Dictionaries

Sanford's Series comprises four books, and is based upon the analytic system:

Sanford's First Lessons in Analytical Arithmetic, 16 mo., 27 cents.

Sanford's Intermediate Analytical Arithmetic, 16 mo., 231 pp. Half bound, 45 cents.

Sanford's Common School Analytical Arithmetic, 355 pp. Half roan, 80 cents.

Sanford's Higher Analytical Arithmetic, 16 mo., 419 pp. Half roan. Cloth flues, $1.25.

The definitions are clear and the analyses exhaustive. The work is practical, and abounds in slate exercises. The experience of a large number of the best teachers in this country, is that, with Sanford in hand, pupils discover an unwonted enthusiasm in studying the science of numbers.

The Complete Series of Worcester's Dictionaries.

Quarto Dictionary. Illustrated and Unabridged. Library sheep, $10.

Octavo (Universal and Critical,) Dictionary. Library sheep, $4 25.

Academic Dictionary. Crown 8vo. Half roan, $1.85.

Comprehensive Dictionary, Illustrated, 12 mo. Half roan, $1.75.

School (Elementary) Dictionary. 12mo, Half roan, 81.

Primary Dictionary. Illustrated 16mo. Half roan, 60 cents.

Pocket Dictionary. Illustrated 24mo Cloth 63 cents; roan, flexible, 85 cents, roan, tucks, gilt edges, $1.

Many special aids to students, in addition to a full pronouncing and defining vocabulary, make the above-named books, in the opinion of our most distinguished educators, the most complete as well as by far the cheapest Dictionaries of our language.

Worcester's School Dictionaries are based upon the quarto, which is preferred over all others by eminent scholars and men of letters. The series is admirably adapted to use in Schools, Academies, &c.

Liberal terms for introduction. We desire that Sanford and Worcester be examined by County Boards and principals of private schools. Correspondence solicited.

We invite attention of Teachers to Chauvenet's Mathematics, Cutter's Physiology; in a word, all our School publications. Circulars and descriptive catalogue furnished on application.

DIAMONDS

IN SOLID GOLD MOUNTINGS.

ONE DOLLAR ONE DOLLAR

Lefevre Ring, $1. Set of Studs, $1. [The Stud] Stud, $1. Lefevre Ear Drops, $1.

THE ONLY PERFECT FAC-SIMILE OF THE REAL DIAMOND IN THE WORLD.

Pronounced by the Academy of France that *M. Lefevre has really obtained artificially the true diamond.* The basis of these gems are pure crystals found in the Sierra Nevadas, from whence they are exported to the Lefevre Laboratory in Paris, France, where they are submitted to a chemic and voltaic process,

BY WHICH THEIR SURFACES ARE COVERED WITH A COATING OF PURE DIAMONDS, imparting to them all the BRILLIANCY, HARDNESS, and refractive qualities of the natural diamond, and making them as desirable for Wear, Brilliancy, and Beauty, as the veritable gems themselves. The Ring, Studs, and Ear Drops, as displayed in this announcement, are accurate engravings of SOLID GOLD MOUNTINGS, CONTAINING ONE WONDERFUL LEFEVRE DIAMOND, warranted by certificate U. S. Mint assay.

ON RECEIPT OF ONE DOLLAR we will send free, by REGISTERED MAIL, to any address in America, either article as above represented. Our "Book on Diamonds," with illustrations of artistic Diamond Jewelry in solid (14 k.) gold, mailed free.

I have seen many imitations of diamonds, but never any that could equal the Lefevre Brilliant.—M. ELLROY, Stamford, Conn.

I am in receipt of a pair of the Wonderful Lefevre Ear Drops, for one dollar; to say that I am pleased with them hardly fills the bill. They are simply elegant.—ANDREW MORRIS, Bornblestie, N. Y.

The Wonderful Lefevre Diamond Ring, for one dollar, came to hand this morning. It is really elegant, giving entire satisfaction, and eliciting wonder and admiration from all who see it.—W. H. REEDY, Martinsburg, W. Va.

The Lefevre Diamonds, mounted in solid gold, are truly marvelous.—B. F. AVERY & SONS, Home and Farm, Louisville, Ky.

The eminently successful experiments of M. Lefevre silences all doubt of the artificial reproduction of the true diamond.—M. DU FRENOY, the great French Scientist.

The Lefevre Diamond most effectually disturbs the slumbers of the possessors of costly gems.—Journal of Science.

☞ We guarantee the Wonderful Lefevre Diamonds for **One Dollar** to be mounted in **Solid Gold**, and will cheerfully refund the money if found unsatisfactory. Address all orders to the

DAILY NEWS
SATURDAY, FEBRUARY 15, 1879

News Telegrams.

Congress.

WASHINGTON, Feb. 14—SENATE—The credentials of Messrs. Jonas and Groome, elected for six years, from Louisiana and Maryland respectively, were read and filed.

The Senate resumed the bill for restricting Chinese immigration.

Blaine spoke at length in favor of the bill. The discussion still continues.

HOUSE.—The bill to pay John J. Armstrong, of Virginia, $1,840 for rent of a wharf in Alexandria during the war, was discussed at great length.

Conger started off in opposition to the bill, contending that if its principle was a correct one, the troops that marched across the long bridge ought to have been preceded by army wagons loaded with specie, to meet the enemy and pay the owners of property, which was to be used for war purposes, what they demand for their property.

Shelley, of Alabama, had no sympathy generally with these war claims. There were no Confederates presenting such claims. There were not in Alabama twenty war claims, and he certainly would not vote for any Alabama claim wherein loyalty was set up.

Butler, of Massachusetts, expressed his views on war claims. So long as such claims were presented for damages done during the war, or for property occupied during the war, so long would there be a misunderstanding between the sections of the Union. Both sides desired that "by gones should be by-gones," and that all about the war should be forgotten. There was one thing, however, which could not be forgotten, and that was the valor and patriotism of those who fought for the Union in its hour of direst peril. Nor would the bravery, loyalty, earnestness, and (he might say) loyalty, to the cause which they espoused of those who fought on the other side be forgotten. He was willing that the States should be put upon some ground, that the fathers of the republic had put them upon in the wars of the revolution, by assuming all their debts for raising and recruiting troops, and after that let no claims arise out of the war, except claims of maimed and disabled soldiers, and with that determination on the part of the people of the country both North and South, the time would not be far distant when feeling of brotherhood would take into the charge of the government, the maimed and disabled soldiers of the Southern army, remembering their courage, their steadfastness, and their gallantry, and forgetting the mistaken judgment which made them fight upon the side they did.

White, of Pennsylvania opposed the bill as a war claim for the use of and damages to the property in an insurrectionary State.

Aiken, of S. C., declared himself opposed to all Southern war claims. He was glad to hear that some members on the Republican side were liberal enough to vote a compensation for damages to religious, educational and eleemosynary institutions at the South. For himself, his independence would not allow him to do even that. The Southern people should go back to first principles, and go to work and rebuild such institutions themselves.

Tilden Flirts.

Cincinnati Enquirer.

The other night I met Captain Henry Mapleson, Jun., whose wife is the beautiful Madame Roze, of the Royal Opera Troupe, and his statement about Mr. Tilden agrees with the foregoing. Captain Mapleson was at Saratoga with his wife last summer, and while there Governor Tilden showed many attentions to the beautiful prima donna—indeed, so marked was his preference for here society above all the other visitors there that some of the newspaper correspondents alluded to it, hinting that the British Captain had better look out or he might be robbed of his pretty French wife by "Old Sammy." This didn't cause him any alarm or jealousy, however, for he philosophically remarked that, laying aside all questions of love, his wife had too much good sense to leave him for a withered, dried-up old man, even though he might be a Pre-ident by right without holding the office.

Speaking to me about Tilden, he said that he was paralyzed in one side, and followed Madame Roze in an aimless, rather distracted air, listening to her talk and her singing by the hour, but scarcely opening his mouth. One day the Captain had an invitation for his wife to ride out with a party of ladies and gentlemen, but he, thinking it would be rude to take her away from her aged admirer, omitted to tell her until the carriage had gone.

"How provoking," said she, when told how she had been left, "that I should be obliged to entertain the little old man so long and do all the talking myself, and then be cheated out of a drive besides."

Convenient, Cheap and Good.

The Old City or Cookes Hotel is now under the charge of Mr. S. P. Horton, who has made arrangements to furnish the public with capitable quarters, good board and the best attention at a low rate. It will pay you to call and be him.

Housekeepers will find it to their advantage to call on Stronach & Allcott, when they are in need of butter, eggs, chickens, Turkeys, geese or anything in the way of country produce. They sell cheap for cash, and you can always find what you want. *

How the Streets of Paris are Cleared.

The rapidity with which the snow is cleared away from the streets of Paris fixes attention on the little army of sweepers whom the city authorities employ for that purpose. In ordinary weather the services of 2,500 are required, who receive full wages besides 2,000 auxiliary hands on half wages. In exceptional weather, like that experienced of late, any further number of men may be taken on as the administration may think fit. No fewer than 7,000 men are, therefore, ready at a given moment to ply their brooms in every thoroughfare of the French capital, besides the chiefs of the brigades and the inspectors. Each brigade includes one hundred and fifteen men. The ordinary full day's work begins at 3 in the morning and ends at 4 in the afternoon; the half-day's laborer begins at ten in the morning. The latter receive from one franc 20 centimes, to 1 franc 75 centimes, the former are usually paid at the rate of 30 centimes 35 centimes and 40 centimes an hour. In urgent cases many of these men are called upon to work 20 consecutive hours at a time, with no other rest than that afforded when they take their meals. During the late fall of snow no less than sixty thousand days' work was needed to clear the main streets, and it has been reckoned that three hundred thousand days' work would be required to sweep away from every thoroughfare the snow accumulated in them by 12 hours' fall. The total surface requiring to be swept throughout the town exceeds at present 15,000,000 square metres.

The Test Oath.

Washington Post.

When ex-Confederates are serving the public in the Cabinet in the Senate, in the House, and in every department and branch of the public service, it is brazen insolence to say that they shall be excluded from the jury box, and that questions involving their lives liberty and property shall be decided by a class of men who lack every qualification for such duties.

Kellogg's Grip.

Washington Post.

Kellogg doesn't exactly own the Executive patronage of Louisiana, but with the documents that he is supposed to have in his possession, he may be said to look upon any desired appointment with something of that serene confidence which lights up the countenance of a gambler as he holds up four aces and glances at the stakes.

He Will be with Them.

Baltimore Gazette.

When the Democratic National committee meets in Washington on the birth day of G. W. to take a sort of ground-hog view of the situation, it will probably find Tilden in its midst discussing the probabilities and suggesting the best methods to be pursued.

Teller's Outrage Mill Goes Unnoticed.

Washington Post.

Teller is peculiarly unfortunate. No sooner had he secured a position of unlooked-for eminence than the public refused to take any interest in these outrages."

"He never had a piece of bread,
Particularly large and wide,
But it was always sure to fall
Upon the buttered side."

The Debt Due Grant.

Washington Post.

There is something alarming to capitalists in the continual harping that is kept up on "the immeasurable debt that the country owes to Grant." If it were stated in figures, however appalling their magnitude, it would be much more satisfactory. Then it would be possible to get an adjustment by showing offsets, by payment, by compromise or some other mode. Would it be possible for Grant's friends to put the claim in definite shape? There is high authority for the assertion that a good name is more valuable than cash. As Grant made great progress in despoiling the Republic of its good name, they should be taken into consideration in any equitable adjustment of his claim that may be decided upon.

Dread and despair fall upon the community when a terrible epidemic, like the cholera or yellow fever, suddenly desolates our homes; yet, all the while a more insidious but no less fatal foe, enters thousands of households every year and carries off the flower of the family in the early flush of manly youth and budding womanhood. People call it presumption, or "bad luck," as it is not, in most cases, the tubercular phthisis or consumption of the lungs, which is the peculiar malady in climates like those of the British Islands and New England, but a gradual decay or arrest of the vital processes of nutrition. All the doctors agree that there is no remedy for this but COD LIVER OIL but they are generally met by the obstacle of inability on the part of the patient to swallow or retain it. This repulsion is entirely overcome by SCOTT'S EMULSION OF THE OIL with the HYPOPHOSPHITES OF LIME AND SODA which is agreeable to the taste and an nutrient and tonic for the nervous system and brain.

MISCELLANEOUS.

TUTT'S PILLS.

SYMPTOMS OF A
TORPID LIVER.

Loss of Appetite, Bowels costive, Pain in the Head, with a Dull sensation in the back part, Pain under the shoulderblade, fullness after eating, with a disinclination to exertion of body or mind, Irritability of temper, Low spirits, with a feeling of having neglected some duty, Weariness; Dizziness, Fluttering at the Heart, Dots before the eyes, Yellow Skin, Headache generally over the right eye, Restlessness with fitful dreams, highly colored Urine.

IF THESE WARNINGS ARE UNHEEDED, SERIOUS DISEASES WILL SOON BE DEVELOPED.

TUTT'S PILLS

are especially adapted to such cases, a single dose effects such a change of feeling as to astonish the sufferer.

A NOTED DIVINE SAYS:

Dr. TUTT:—Dear Sir; For ten years I have been a martyr to Dyspepsia, Constipation and Piles. Last Spring your Pills were recommended to me. I used them (but with little faith). I am now a well man, have good appetite, digestion perfect, regular stools, piles gone, and I have gained forty pounds solid flesh. They are worth their weight in gold.

Rev. R. L. SIMPSON, Louisville, Ky.

The first effect of **TUTT'S PILLS** is to **Increase the Appetite,** and cause the body to **Take on Flesh,** thus the system is **nourished,** and by their **Tonic Action** on the **Digestive Organs, Regular Stools** are produced.

Dr. J. F. HAYWOOD,
OF NEW YORK, SAYS:-

"Few diseases exist that cannot be relieved by restoring the Liver to its normal functions, and for this purpose no remedy has ever been invented that has as happy an effect as TUTT'S PILLS."

SOLD EVERYWHERE, PRICE 25 CENTS.
Office 35 Murray Street, New York.
